HIGHLIGHTS

- 2 + year of hands-on web development experience through diploma program, freelance, and startup roles
- Proficient in full-stack development using **React, Next.js, TypeScript, PostreSQL, Tailwind CSS,** and **Firebase**
- Strong collaborative and problem-solving skills with a proven ability to work independently and adapt to changing project needs
- Comfortable with **Agile** practices, **version control (Git)**, and clear communication in multicultural teams
- Fluent in English and Korean; culturally adaptive and globally minded

WORK EXPERIENCE

THANKS CARBON | *FRONTEND DEVELOPER* | *HYBRID(SEOUL)*   **JUL.2025-PRESENT**

- Built farmer and admin dashboards using **Next.js, TypeScript, Tailwind CSS**, and **Firebase auth**, integrating **Google Maps API** with **deck.gl** to visualize farmland activity at scale.
- Delivered real time, tile based geospatial monitoring with multilingual and role based access, supporting thousands of farmland plots across regions.

PROJECTS

CHEZ MARI SALON - HAIR SALON BOOKING WEBSITE | *PROJECT MANAGER& FRONDTEND*   **JAN.2025 - APR.2025**

- Rebranded the local salon's digital presence by translating **Figma** designs into responsive custom theme using **WordPress, PHP** and **Tailwind CSS**.
- Improved the reservation flow and delivered a CMS based website that enhanced both usability and salon operations.
- As Project Manager, I coordinated weekly client feedback sessions, managed timelines, and streamlined approvals using Agile practices.

FOUR SEASON - SEASONAL GEAR RENTAL WEB APP | *FULL STACK DEVELOPER*   **DEC.2024 - JAN.2025**

- Built a responsive rental platform with **Next.js, TypeScript, Strapi**, and **PostgreSQL**, integrating real time seat adjustment and automated confirmations through **Resend API**.
- Enabled the client to independently manage offerings through a custom CMS, streamlining reservations and enhancing the customer experience.

BEEP - SFATEY MOBILE APP | *FULL STACK DEVELOPER*   **SEP.2024 - DEC.2024**

- Developed a mobile app to improve safety with real time support, as part of a capstone project on technology for underserved groups.
- Built SOS alerts, GPS sharing, and photo based incident reporting using **React Native,** enabling users to quickly communicate emergencies.
- Delivered an accessible interface that emphasized social impact, earning 3rd place out of 10 teams in the final showcase.

EDUCATION

HongIk University, Korea | Bachelor in Business management   **MAR.2017 - FEB.2020**

Lighthouse labs, Canada | Certificate of Intro Web Development   **JUL.2022 - AUG.2022**

BCIT, Canada | Diploma in Full Stack Web Development   **SEP.2023 - JUN.2025**

VOLUNTEER

PEACE GREEKS | *QA TESTER / APP CONTENT EDITOR*   **SEP.2022 - MAR.2023**

- Localized Korean content using Markdown and conducted manual cross-platform QA.

CENTER FOR INTROSPECTION & ENLIGHTENMENT | *WEB DEVELOPER*   **JUN.2025 - SEP.2025**

- Built a responsive 9-page WordPress website (custom HTML, CSS, JS) with card-based filtering layouts.
